Harrisburg, PA 17101

To Whom It May Concern,

I am pleased to write a letter of recommendation for Iva Jurkovic as a candidate for Harrisburg University's graduate program for a Master of Science in Analytics. I have worked with Iva as her manager at Forex Capital Markets.

As a recent graduate, Iva's performance exceeded that of an incoming graduate student. She took over the responsibilities of an employee with 10 years of experience at Forex Capital Markets and did an excellent job. She was a great asset to the department as a candidate with her skillsets are difficult to find. She has practical experience and extensive knowledge in finance, analytics, and technology. She often dealt with analyzing trading data, setting up and automating reporting and monitoring processes, and answering regulatory technology related inquiries. Iva has exceptional written and verbal communication skills, is extremely organized, reliable, and hardworking.

From day one, Iva always demonstrated the desire to learn new things. Therefore, I assure you Iva would be a dedicated student and a competent professional. I recommend her very highly and without reservation. If you have any further questions in regards to her background or qualifications, please do not hesitate to contact me.

Sincerely,

Sebastian Oh
